## Departmental Program Elements (Headquarters) (Alphabetically Listed)

These Department of Energy (DOE) Program Elements and offices, primarily located at DOE headquarters (Washington, DC and Germantown, MD), contain points of contact who are called Small Business Program Managers (SBPMs). SBPMs assist small businesses in marketing to their office/facility. DOE's major mission program elements and offices are denoted by an asterisk (\*). Other offices listed are staff and support offices.

## DOE Contracting Activities (Alphabetically Listed)

DOE has a decentralized procurement process for buying goods and services which is carried out by the DOE contracting activities primarily at field locations. (The “Headquarters Procurement Services” office buys for many of the program elements and offices at headquarters.) The principal responsibility of many of these contracting activities, along with their site offices, is to administer the contracts of their Facility Management Contractors, and other major contractors that are identified in Section III.

## Facility Management Contractors and Other Major Contractors

The Facility Management Contractors (FMCs) listed in this section are large prime contractors that manage and operate national laboratories and government-owned facilities. These FMCs, also referred to as “Management and Operating Contractors” (MOs), expend approximately 85 percent of DOE’s contracting budget. They award subcontracts to small businesses by using various purchasing tools. This listing also includes major prime contractors that are non-FMCs. The lead program office for each FMC and non-FMC is identified by its two-letter code in parenthesis.
